### **POLICY DOCUMENT OF RESTRICTED ENTRY OF AUTOMOBILES**

Air pollution is a matter of great concern and vehicular emission contributes a great portion. Vehicular pollution has grown at an alarming rate due to ever growing advances and urbanization. Educational institute being one of the major stake holders of the society bears an essential responsibility to be a part to reduce vehicular pollution. Vehicular pollution is constantly imparting health issues in major portion as asthma and other respiratory ailments.

Patterns of parking and vehicular emission around campus have significant effects on campus life and the environment at large. It seems to be small issue but contributes not only in creating healthy environment but also creating well-disciplined citizens of the community. The initiative intends to motivate the faculty and student to use public transport, cycle and pooled vehicle to reduce pollution and create awareness for eco-friendly behavior.
