POLICY DOCUMENT FOR PLASTIC BAN

Plastic being a strict recalcitrant compound has posed a gigantic problem for sustainable development and threat to human health. Layers of soil profile are mingled in plastic bits causing clogging of water bodies, choking of innocent animals thus a wholesome negative on human health.

As per notice published in Chhattisgarh Government gazetteer on 27th Sept 2017 on ban of plastic, the esteemed institution, being one of the prominent education sectors, bears the responsibility in the society to take initiatives for plastic ban. The institute, from now on, is pledged to ban plastic in the campus and is bound to create awareness to minimize use of plastic in the society.

POLICY DOCUMENT OF RESTRICTED ENTRY OF AUTOMOBILES

Air pollution is a matter of great concern and vehicular emission contributes a great portion. Vehicular pollution has grown at an alarming rate due to ever growing advances and urbanization. Educational institute being one of the major stake holders of the society bears an essential responsibility to be a part to reduce vehicular pollution. Vehicular pollution is constantly imparting health issues in major portion as asthma and other respiratory ailments.

Patterns of parking and vehicular emission around campus have significant effects on campus life and the environment at large. It seems to be small issue but contributes not only in creating healthy environment but also creating well-disciplined citizens of the community. The initiative intends to motivate the faculty and student to use public transport, cycle and pooled vehicle to reduce pollution and create awareness for eco-friendly behavior.
